

Local measures in Kristiansand

Local measures that apply from 2 March 2021.

Kindergartens and schools

- Kindergartens and primary schools are still at the yellow level.
- Lower secondary schools are at the red level until and including Friday 12 March.
- Upper secondary education is at the red level until further notice.
- For local guidelines for schools, parents are asked to check the schools' websites.

Face masks

- Face masks must be worn indoors in public spaces if it is not possible to keep a distance of one meter. This does not apply to children under the age of 12.

Prohibition of having more than five guests in a private residence

- Exception: If all guests are from one kindergarten or primary school cohort, for instance a birthday party.

Events

It is not permitted to hold events, including religious gatherings, with some exceptions:

- Funerals and burials according to the national rules.
- Weddings, baptisms and similar rituals, without spectators present.
- [Here you will find the definition of an event](#)

Eating places and licenced premises

- Eating places and licenced premises must remain closed, except for "take-aways".
- Eating places in hotels can serve food to overnight guests.

Fitness centres

- Fitness centres remain closed, with the exception of rehabilitation offered individually.

Leisure activities for children and young people

- Leisure activities for children and young people under the age of 20 follow the national recommendations.
- Individual events are not allowed.

Indoor amusement parks, bingo halls, gaming halls, playgrounds, bowling alleys or similar
Such places must remain closed.

Swimming pools and spas

Swimming pools, water parks and spa facilities are closed with the exception of:

- School swimming for those under the age of 20, swimming courses and swim training for children in primary school or younger and swimming for professional athletes.
- Rehabilitation and training offered individually or in small groups with an organiser.

Sports and leisure activities for adults

- It is not allowed to organise indoor sports activities or leisure activities for adults over the age of 20. Organised outdoor training is allowed, with a maximum of ten people, with a distance of at least one meter.

For all residents:

- Meet as few people as possible in everyday life, in order to limit the number of close contacts.
- Keep a distance of at least one meter from everyone you meet.
- Download the Infection Stop [Smittestopp] app.
- Work from a home office when possible.
